

2012 Fluor First Awards

This year's Science Fair quest began in August 2011, with the Fluor Science Fair workshop hosted by the Physics Department of Southern Methodist University.

Around 35 teachers from local public and private schools attended, including many new to Science Fair. Several winning students also came to display their projects.

To encourage teachers from schools entering their students in the DRSEF for the first time in 2012, the Science Fair Teacher Award Committee is also recognizing two teachers with Fluor First Awards for their initiative and their commitment to students. They were selected by the number of their students who entered and placed.

Fluor and the Fair are proud to honor these teachers:

Middle School

Amber Peak

Scoggins Middle School

Frisco ISD

High School

Douglas Rummel

St Mark's Upper School

Private
