

2010 Fluor First Awards

This year's science fair quest began in August 2009, with the Fluor Teachers Workshop hosted by the Physics Department of Southern Methodist University.

Around 70 teachers from local public and private schools attended, including both veterans and those new to science fair.

To encourage teachers entering their students in the regional fair for the first time, the Science Fair Teacher Award Committee is also recognizing two teachers for their initiative and their commitment to students. They were selected by the number of their students who entered and placed.

Fluor and the Fair are proud to honor these teachers:

Middle School

Joey Hobbs

Hendrick Middle School

High School

Muhammet Pakdil

Harmony Science Academy - Dallas

Beal Bank
Dallas Regional Science
and Engineering Fair
