

2014 Fluor First Awards

This year's Science Fair quest began in August 2013, with the Fluor Science Fair workshop hosted by the Physics Department of Southern Methodist University.

Around 60 teachers from local public and private schools attended, including many new to Science Fair. DRSEF winning students also came to display their projects.

To encourage teachers from schools entering their students in the DRSEF for the first time in 2014, the Science Fair Teacher Award Committee is also recognizing two teachers with Fluor First Awards for their initiative and their commitment to students. They were selected by the number of their students who entered and placed.

Fluor and the DRSEF are proud to honor these teachers:

Junior Division

April Schreiber

Westwood Junior High School

Richardson ISD

Senior Division

Keivon Spencer

School of Science & Engineering

Dallas ISD
