

2015 Fluor First Awards

This year's Science Fair quest began in August 2014, with the Fluor Science Fair workshop hosted by the Physics Department of Southern Methodist University.

More than 60 teachers from local public and private schools attended, including many new to regional science fair. DRSEF winning students also came to display their projects.

To encourage teachers from schools entering their students in the DRSEF for the first time in 2015, the Science Fair Teacher Award Committee is also recognizing two teachers with Fluor First Awards for their initiative and their commitment to students. They were selected by the number, performance, and success rate of their students at the fair.

Fluor and the DRSEF are proud to honor these teachers:
