

2017 Fluor First Teacher Awards

This year's Science Fair quest began in August 2016, with the Fluor Science Fair workshop hosted by the Physics Department of Southern Methodist University.

Around 50 teachers from local public and private schools attended, including many new to regional science fair. DRSEF winning students also came to display their projects.

To encourage teachers from schools entering their students in the DRSEF for the first time in 2017, the Science Fair Teacher Award Committee recognizes teachers with Fluor First Awards for their initiative and their commitment to students. They are selected by the number, performance, and success rate of their students at the fair.

Fluor and the DRSEF are proud to honor:

Junior Division

Brenda Patterson
Math Science Technology Elementary School, Richardson ISD

Senior Division

Julie Machart
Uplift Hampton High School, Charter School
